Dear Ms. Pabón:

The U.S. Army Corps of Engineers (Corps) received your permit application (JPA no. 1729) on July 8, 2020. The permit number assigned for your permit application is SAJ-2004-08672(NWP-CGR). A review of the information and drawings provided indicates that the proposed work is for the reinstallation of the composite wood decking in two segments of the existing dock. One segment is approximately 26 feet long and the other is 16 feet long. New wood decking will be installed on top of existing pilings. The activity subject to this permit is authorized pursuant to authority under Section 10 of Rivers and Harbors Act. The project is located at the Caribbean Sea, Jobos Bay, Aguirre Ward, Municipality of Salinas, Puerto Rico.

Your project, as depicted on the enclosed drawings, is authorized by Nationwide Permits (NWP) Number # 3 (Maintenance). In addition, project specific conditions have been enclosed. This verification is valid until **March 18, 2022**. Furthermore, if you commence or are under contract to commence this activity before the date that the relevant nationwide permit is modified or revoked, you will have 12 months from the date of the modification or revocation of the NWP to complete the activity under the present terms and conditions of this nationwide permit. Please access the U.S. Army Corps of Engineers' (Corps) Jacksonville District's Regulatory Internet page to access Internet links to view the Final Nationwide Permits, Federal Register Vol. 82, dated January 6, 2017, specifically pages 1983 to 2008, and the table of Regional Conditions. The Internet page address is as follows:

<http://www.saj.usace.army.mil/Missions/Regulatory.aspx>

Please be aware this Internet address is case sensitive and should be entered as it appears above. Once there you will need to click on "Source Book"; and, then click on

"Nationwide Permits." These files contain the description of the Nationwide Permit authorization, the Nationwide Permit general conditions, and the regional conditions, which apply specifically to this verification for NWP # 3. Enclosed is a list of the six General Conditions, which apply to all Department of the Army authorizations. You must comply with all of the special and general conditions and any project specific condition of this authorization or you may be subject to enforcement action. In the event you have not completed construction of your project within the specified time limit, a separate application or re-verification may be required.

The following special conditions are included with this verification:

1. Reporting Address: The Permittee shall submit all reports, notifications, documentation and correspondence required by the general and special conditions of this permit to either (not both) of the following addresses:

a. For electronic mail (preferred): [SAJ-RD-Enforcement@usace.army.mil](mailto:SAJ-RD-Enforcement@usace.army.mil) (not to exceed 15 MB).

b. For standard mail: U.S. Army Corps of Engineers, Regulatory Division, Enforcement Section, Post Office Box 4970, Jacksonville, FL 32232-0019.

2. Commencement Notification: Within 10 days from the date of initiating the work authorized by this permit the Permittee shall submit a completed attached "Commencement Notification" Form.

3. Self-Certification: Within 60 days of completion of the work authorized by this permit, the Permittee shall complete the attached "Self-Certification Statement of Compliance" form and submit it to the Corps to the address included on special condition no. 1. In the event that the completed work deviates in any manner from the authorized work, the Permittee shall describe the deviations between the work authorized by this permit and the work as constructed on the "Self-Certification Statement of Compliance" form. The description of any deviations on the "Self-Certification Statement of Compliance" form does not constitute approval of any deviations by the Corps.

This letter of authorization does not obviate the necessity to obtain any other Federal, State, or local permits, which may be required.

If you are unable to access the internet or require a hardcopy of any of the conditions, limitations, or expiration date for the above referenced NWP, please contact me at [carmen.g.roman@usace.army.mil](mailto:carmen.g.roman@usace.army.mil).

Thank you for your cooperation with our permit program.

Sincerely,

ROMAN.CARMEN.
